

NES Professional Certified Foundation Training Part 1

The NES Foundation Part 1 Training, is a two-day in person course covering Bioenergetic theory, performing a base level screening assessment and producing treatment plans. You will be introduced to the NES range of Infoceuticals and have the opportunity to meet your Certified course supervisor, Gwen Fraser, who is also your BRI Studies Certified Course tutor, and Rasunah Alston of Inner Glow Health Products, the Australian NES distributor.

The course will give the practitioner a solid grounding in NES health scanning and thoroughly cover the essentials of using the NES device, software and the Infoceuticals.

The course will also cover.

- **The Human Body Field**
- **Big Field Aligner BFA & Polarity**
- **Energetic Drivers**
- **Energetic Integrators**
- **How to interpret the reading of a scan with hands on Case studies. This session will be divided into separate rotating groups ensuring that each practitioner gets to work with a wide range of different NES scans that will cover a clients first few visits.**
- **BRI Studies - How to get started.**

- **All new purchasers of the NES are encouraged to attend the Foundation Training.**

Note: We encourage you to bring your laptop to this hands on training.

The NES Certified Training Course, is Internet based, and only available to professionally qualified practitioners who currently own a NES Professional. This course is available to those who have completed the Foundation Course, and or one of the Nutrienergetics conferences. Gwen Fraser is your BRI Studies Certified Course tutor.
