

NES Professional Certified Foundation Training Part 2

The Foundation Part 2 Training is a two-day, in person, classroom-style course and will introduce you to more advanced topics including feedback on progress. The course has also been designed to give the practitioner a solid grounding of the advanced Software in Version 4.0 and has been designed as part of Certification qualification.

Your NES trainer Gwen Fraser, who is also your BRI Studies Certified Course tutor, will be assisted by Rasunah Alston of Inner Glow Health Products, the Australian NES distributor.

Training Courses required to become a Certified NES Practitioner include both Part 1 & Part 2 Foundation Training and the Internet based Certified BRI Studies course. NES practitioners who have not completed the required training will not be eligible for Certification, referral or listing on the Nutrienergetics website.

The course will also cover.

- **NES-Professional, Understanding the Human Body Field - the holographic nature of the HBF**
- **Further detailed explanation of the HBF and NES wellness model**
- **Energetic Terrains**
- **Energetic Stars**
- **Producing an Infoceutical program for visits three and four**
- **Discussing case histories**
- **Optimising the effectiveness of NES**
- **Hands on Case studies. This session is designed to give you a fuller understanding of how to interpret a NES scan, and the importance of the common links that connect with other screen readings. These groups will be divided into separate rotating groups ensuring that each practitioner gets to work with a wide range of different NES scans.**
- **BRI Studies - How to get started.**

Note: We encourage you to bring your laptop to this hands on training.
